

BRENT PUMPLE

| BUSINESS OWNER |
| ENTREPRENEUR |
| PRODUCT DEVELOPER |

BIO

Brent boasts a 15-year tenure in the Construction industry, spanning diverse roles from fieldwork to estimating and designing. He has collaborated with various Ontario-based authorities, including Municipalities, Road authorities, Conservation authorities, and Power Authorities.

His expertise in public works encompasses areas such as sanitation, power distribution, and the expansive realm of landscape construction.

Currently, Brent specializes in crafting design/build solutions for electrical pedestals. His primary focus is on creating units that not only adhere to all electrical codes but also provide intelligent, space-conscious solutions. Brent's main concentration is on addressing municipal power distribution needs.

Brent is the Owner and Director of Pedestal Solutions (PSI), a Canadian company dedicated to manufacturing electrical panels and pedestals for various industries. Headquartered in Georgina, ON, Pedestal Solutions is renowned for its unwavering commitment to quality, adaptability to evolving regulations, and, most notably, its exceptional team that consistently delivers outstanding products.

Beyond his professional pursuits, Brent is a passionate sailboater, hockey player, and devoted MOTOGP enthusiast.
